ADITYA CHEMICALS

DOCUMENT: COMPREHENSIVE SEO SPECS & KEYWORDS DIRECTORY
DATE: JULY 29, 2026
VERSION: 2.0

SEO FLOW & KEYWORDS DIRECTORY

> **Executive Summary:** This document contains every single target search keyword and structured SEO flow configured across Aditya Chemicals' Global/India, US, UK, and European pages. These assets are embedded under-the-hood in layouts, pages, sitemaps, and schemas to drive rankings for product-location searches.

1. THE SEO FLOW ARCHITECTURE

Aditya Chemicals uses a multi-layered regional URL tree designed to capture country-specific searches without triggering duplicate content penalties.

DIRECTORY PATH	MARKET / TARGET AUDIENCE	HREFLANG CODE	CANONICAL URL RULE
`/products/[slug]`	Global fallback / India domestic market	`x-default`	`https://www.adityachemicals.com/products/[slug]`
`/us/products/[slug]`	United States (FDA / FL Warehouse)	`en-US`	`https://www.adityachemicals.com/us/products/[slug]`
`/uk/products/[slug]`	United Kingdom (BP / UK-REACH)	`en-GB`	`https://www.adityachemicals.com/uk/products/[slug]`
`/eu/products/[slug]`	European Union (EP / EU-REACH)	`en-DE`	`https://www.adityachemicals.com/eu/products/[slug]`

Cross-Link Verification Code (HTML alternates)

When Googlebot crawls any product page (e.g., US Glycine), it reads these cross-linking header attributes to align rankings:

```
<link rel="canonical" href="https://www.adityachemicals.com/us/products/glycine" />
<link rel="alternate" hrefLang="en-US" href="https://www.adityachemicals.com/us/products/glycine" />
<link rel="alternate" hrefLang="en-GB" href="https://www.adityachemicals.com/uk/products/glycine" />
<link rel="alternate" hrefLang="en-DE" href="https://www.adityachemicals.com/eu/products/glycine" />
<link rel="alternate" hrefLang="x-default" href="https://www.adityachemicals.com/products/glycine" />
```

2. COMPLETE KEYWORDS DIRECTORY (HUB PAGES)

A. Global Landing Page Keywords (/)

chemical manufacturer | API manufacturing company | bulk chelated minerals supplier | amino acids exporter | GMP certified factory | FDA registered chemical plant | USA chemical supplier | Europe chemical exporter | UK compliant chemical manufacturing | chemical factory in USA | chemical factory in UK | chemical factory in Europe | REACH registered chemical company | bulk excipients manufacturer USA | pharma chemicals UK | chelated minerals factory Europe | zinc ascorbate manufacturer USA | manganese gluconate supplier UK | glycine factory Europe | essential amino acids bulk exporter | chemical factory | chemical industry | USA chemical factory | UK chemical factory | Europe chemical factory | USA chemical industry | UK chemical industry | Europe chemical industry

B. USA Landing Page Keywords (/us)

chemical manufacturer USA | API manufacturing company USA | bulk chelated minerals supplier US | amino acids exporter USA | GMP certified factory USA | FDA registered chemical plant | USA chemical supplier | REACH registered chemical company | bulk excipients manufacturer USA | chelated minerals factory USA | zinc ascorbate manufacturer USA | glycine factory USA

C. UK Landing Page Keywords (/uk)

chemical manufacturer UK | API manufacturing company UK | bulk chelated minerals supplier UK | amino acids exporter UK | GMP certified factory UK | BP compliant chemical manufacturing | UK-REACH registered chemical company | bulk excipients manufacturer UK | pharma chemicals UK | manganese gluconate supplier UK

D. Europe Landing Page Keywords (/eu)

chemical manufacturer Europe | API manufacturing company Europe | bulk chelated minerals supplier EU | amino acids exporter Europe | REACH registered chemical company | chelated minerals factory Europe | glycine factory Europe

3. DYNAMIC PRODUCT KEYWORDS CONFIGURATION

Dynamic product detail pages generate dynamic keywords arrays depending on their slugs and region tags.

Product Meta Keywords Template Matrix

DYNAMIC TEMPLATE CODE	GLOBAL PAGE EXAMPLE (GLYCINE)	US PAGE EXAMPLE (GLYCINE)
`[product.name]`	Glycine	Glycine
`CAS [casNumber]`	CAS 56-40-6	CAS 56-40-6
`bulk [product.name]`	bulk Glycine	bulk Glycine
`buy [product.name] bulk`	buy Glycine bulk	buy Glycine bulk
`[product.name] manufacturer`	Glycine manufacturer	Glycine manufacturer
`[product.name] supplier`	Glycine supplier	Glycine supplier
`[product.name] factory`	Glycine factory	Glycine factory
`[product.name] exporter`	Glycine exporter	Glycine exporter
`[product.name] [Region]`	Glycine USA, Glycine UK, Glycine Europe	Glycine USA
`[product.name] supplier [Region]`	Glycine supplier USA, Glycine supplier UK	USA Glycine supplier
`GMP certified [product.name] manufacturer [Region]`	GMP certified Glycine manufacturer	GMP certified Glycine manufacturer USA
`FDA registered [product.name] supplier`	FDA registered Glycine supplier	FDA registered Glycine supplier
`REACH compliant [product.name] [Region]`	REACH compliant Glycine Europe	—
`[product.name] chemical factory [Region]`	Glycine chemical factory	Glycine chemical factory USA
`[product.name] chemical industry [Region]`	Glycine chemical industry	Glycine chemical industry USA

4. HIGH-PRIORITY TARGET PRODUCTS (8 CORE APIS)

The following 8 products have fully populated regional content models in `data/products.ts` and exist in sitemap mappings:

- **DL-Methionine** (CAS 59-51-8)
- **L-Carnitine Fumarate** (CAS 90471-79-7)
- **Glycine** (CAS 56-40-6)
- **Zinc Ascorbate** (CAS 93816-11-2)
- **Manganese Gluconate** (CAS 6485-39-8)
- **Magnesium Bisglycinate** (CAS 14783-68-2)
- **L-Methylfolate Calcium** (CAS 151533-22-1)

- **Methylcobalamin** (CAS 13422-55-4)
